# PALMSABUN® SOAP NOODLES

BULLETIN E100-06

**Standard White Toilet Soap Noodles**

NON-SUPERFATTED	Total Fatty Matter	Moisture	Free Fatty Acid as Palmitic Acid	Chloride as NaCl	Glycerol content	Chelating Agent
Palmsabun 8000	78 - 81%	11 - 14%	1.3% max	0.4 - 0.7%	1% max	Present
Palmsabun 7500	78 - 81%	11 - 14%	1.3% max	0.4 - 0.7%	1% max	Present
Palmsabun 7000	78 - 81%	11 - 14%	1.3% max	0.4 - 0.7%	1% max	Present
Palmsabun 6000	78 - 81%	11 - 14%	1.3% max	0.4 - 0.7%	1% max	Present
SUPERFATTED	Total Fatty Matter	Moisture	Free Fatty Acid as Palmitic Acid	Chloride as NaCl	Glycerol content	Chelating Agent
Palmsabun 8005	78 - 81%	11 - 14%	3 - 5%	0.4 - 0.7%	1% max	Present
Palmsabun 7505	78 - 81%	11 - 14%	3 - 5%	0.4 - 0.7%	1% max	Present
Palmsabun 7005	78 - 81%	11 - 14%	3 - 5%	0.4 - 0.7%	1% max	Present
Palmsabun 6005	78 - 81%	11 - 14%	3 - 5%	0.4 - 0.7%	1% max	Present

ALKALINE	Total Fatty Matter	Moisture	Free Alkalinity as NaOH	Chloride as NaCl	Glycerol content	Chelating Agent
Palmsabun 8001	78 - 81%	11 - 14%	0.05% max	0.4 - 0.7%	1% max	Present

HIGH GLYCERINE NOODLES	Total Fatty Matter	Moisture	Free Fatty Acid as Palmitic Acid	Chloride as NaCl	Glycerol content	Chelating Agent
Palmsabun HGL	74% min	13% max	3% max	0.5% max	8% max	Present

**Standard Cream Toilet Soap Noodles**

	Total Fatty Matter	Moisture	Free Fatty Acid as Palmitic Acid	Free Alkalinity as NaOH	Chloride as NaCl	Glycerol content	Chelating Agent
Palmsabun 8000C	78 - 81%	11 - 14%	1.3% max	0.1% max	0.6% max	1% max	Present
Palmsabun 9000C	78 - 81%	11 - 14%	1.3% max	0.1% max	0.6% max	1% max	Present
Palmsabun HGLC	74% min	13% max	3% max	NA	0.5% max	8% max	Present

**Standard White (LW) & Cream (LC) Laundry Soap Noodles**

	Total Fatty Matter	Moisture	Free Fatty Acid as Palmitic Acid	Free Alkalinity as NaOH	Chloride as NaCl	Glycerol content	Chelating Agent
Palmsabun LW - 1	75% min	18% max	1.3% max	0.1% max	0.6% max	1% max	Present
Palmsabun LW - 2	70% min	23% max	1.3% max	0.1% max	0.6% max	1% max	Present
Palmsabun LC - 1	75% min	18% max	1.3% max	0.1% max	0.6% max	1% max	Present
Palmsabun LC - 2	70% min	23% max	1.3% max	0.1% max	0.6% max	1% max	Present
Palmsabun LC - 3	63% min	28% max	1.3% max	0.1% max	0.7% max	1% max	Present

**Standard Translucent Soap Noodles**

	Total Fatty Matter	Moisture	Free Fatty Acid as Palmitic Acid	Chloride as NaCl	Glycerol content	Chelating Agent
Palmsabun TL2001	64% min	18% max	3% max	0.5% max	8% max	Present

Note :

- Besides standard products, we produce customised specification to meet your specific requirements.
- Packing in 25 kg polypropylene laminated paper bags and bulk bags packing up to 1 MT.

**Translucent soap noodles and strands**

A very good translucency can be obtained on most conventional finishing lines with an excellent translucency. Also available in different colours and as coloured strands for marking marbled, speckled or striped soap bars.

**High yield moisturising soap (high glycerine)**

This soap has good plasticity and admirable processing attributes such as high throughput, lower reject rates and superb moisturising properties. It is special formulated for gift and novelty soaps, which comes in more complex shapes.

**High foaming luxury soap**

Consumers perceive rich, creamy and copious foam as premium and luxurious soap properties. We specialise in producing high foaming natural soap base that has good intrinsic foaming capability without the addition of foam boosters. These soaps produce 20% to almost 200% more foam compared to a standard soap. In addition, these soaps have first-rate in use properties and less susceptible to form unsightly mush from water uptake.

**High loading soap**

High loading soap provides the formulator with the choice to add high amounts of fragrances or natural oily ingredients without significantly compromising soap quality and ease of processing.

**Skin care or Mild soap**

Our Mild soaps are proven to be more skin friendly compared to other natural soap bases and are especially suitable for gentle skin.

**Preservative-free or simple soap**

Our preservative-free soaps are of finest quality, immaculately white bases that have superior inherent product stability that allow choice to exclude or reduce additional preservative systems in the end product. These patent-pending products are made from 100% palm and do not contain any form of added preservative that are natural or synthetically derived. Also available soap bases with only natural preservatives. All these soap bases are more Natural, Eco friendly and Chemical free.

**Heavy duty or Industrial soap**

This soap has been tailored for the de-inking and coating application processes featuring low wastewater load.

**Laundry opaque and translucent soap noodles**

These soaps are made for use as laundry soap with TFM ranging from 63% to 75%.
